

Lesson Plan Govt. College Bhattu Kalan (Fatehabad) Session 2023-24 (Odd Semester)
 B.A. - Semester: 5th ECONOMIC GEOGRAPHY Mr. DEEPAK (Assistant professor)

Week 3	September	Introduction to economic geography.		
		Introduction to economic geography.		
		Nature scope of economic geography.		
		Nature scope of economic geography.		
		Relationship of economic geography with economics.		
		Branches of economic geography.		
		Methods of economic geography.		
		Relation of economic geography with Social Science.		
		Relation of economic geography with Social Science.		
		Importance of economic geography.		
		Introduction to Economic Activities.		
		Classification of Economic Activities.		
		Week 4	September	Primary Activities.
Primary Activities.				
Primary Activities.				
Primary Activities.				
Secondary Economic Activities.				
Tertiary Economic Activities.				
Quaternary Economic Activities.				
Quinary Economic Activities.				
Economic activities and their impact on environment.				
Introduction to natural Resources.				
Week 1	October			Rule of Resources in Economic Development.
				Nature of resources.
				Classification of Resources.
		Classification of Resources.		
		Classification of Resources.		
Week 2	October	Conservation and utilization of natural resources.		
		Conservation and utilization of natural resources.		
		Conservation and utilization of natural resources.		
		Biotic Resources.		
		Biotic Resources.		
		Biotic Resources.		
		Abiotic Resources.		
		Abiotic Resources.		
Week 3	October	Agricultural Resources : Meaning and Importance.		
		Food Crops : Rice.

		Food Crops : Rice.
		Wheat.
		Wheat.
		Wheat.
		Commercial Crops : Cotton.
		Commercial Crops : Cotton.
Week 4	October	Sugarcane.
		Sugarcane.
		Plantation Crops : Tea, Coffee, Rubber,
		Plantation Crops : Tea, Coffee, Rubber
		Plantation Crops : Tea, Coffee, Rubber
		Plantation Crops : Tea, Coffee, Rubber
Week 1	November	Introduction to Mineral Resources.
		Classification of Mineral Resources.
		Distribution and production of iron Ore.
		Distribution and production of iron Ore.
		Distribution and production of Coal.
		Distribution and production of Coal.
		Distribution and production of Coal.
		Distribution and production of Petroleum.
		Distribution and production of Petroleum.
Week 2	November	Distribution and production of Nature Gas.
		Distribution and production of Nature Gas.
		Manufacturing Industries : Meaning.
		Characteristics of Modern Large Scale Manufacturing.
		Characteristics of Modern Large Scale Manufacturing.
		Location of Industries.
Week 3	November	Location of Industries.
		Classification of Manufacturing Industries.
		Classification of Manufacturing Industries.
		Distribution and production of Iron and steel Industry.
		Distribution and production of Iron and steel Industry.
		Distribution and production of Iron and steel Industry.
		Distribution and production of Iron and steel Industry.
		Distribution and production of Cotton Textile industry.
Week 4	November	Distribution and production of Cotton Textile industry.
		Distribution and production of Cotton Textile industry.
		Industrial Regions or Industrial Complexes..
		Industrial Regions or Industrial Complexes..
		Industrial Regions or Industrial Complexes..
		Transport and Communication : Meaning and Definition.
		Transport and Communication : Meaning and Definition.
Week 1	December	Surface Transport : Roads.
		Surface Transport : Roads.
		Surface Transport : Roads.
		Surface Transport : Railways.
		Surface Transport : Railways.

Week 2	December	Surface Transport : Railways.
		Water Transport : Ocean Routes
		Water Transport : Ocean Routes
		Water Transport : Ocean Routes
		Water Transport : Internal Waterways.
		Water Transport : Internal Waterways.
		Air Transport.
		Communication : Satellite & Internet.
Week 3	December	Communication : Satellite & Internet.
		International Trade
		International Trade
		International Trade
		Nature, Scope, Branches of Economic Geography.
		Classification of Economic activities.
		Nature resources : bases and classification.
		Nature resources : bases and classification.
Week 4	December	Food Crops : Rice and Wheat.
		Commercial Crops : cotton and sugarcane.
		Distribution and production of coal and iron ore..
		Distribution and production Iron and Steel Industry.
Week 1	January	Distribution and production Cotton Textile Industry.
		Distribution and production Cotton Textile Industry.

Lesson Plan
Govt College Bhattu Kalan
Session 2023-24 (Odd Semester)

B.A 3rd Semester

Name of Teacher- Deepak
Asst. Prof. of Geography

	Topic
Week 3, September	Weather : Meaning and Definition
	Climate : Meaning and Definition
	Elements of Weather and Climate
	Factors Affecting Climate
	Atmosphere Meaning and Definition
	Composition of The Atmosphere
Week 4, September	Structure of The Atmosphere
	Importance of the Atmosphere
	Insolation: Meaning
	Heat Budget of the Earth
	Heating and Cooling of the Atmosphere
	Temperature : Controlling Factors
	Distribution Of Temperature
	Temperature Change : Derived Forms
Week 1, october	Range of Temperature
	Temperature Zones
	Inversion of Temperature : Types
	Introduction to Atmospheric Pressure and Winds
	Effect and Importance of Air Pressure
	Vertical and Horizontal Distribution of Atmospheric Pressure
Week 2, october	Air Pressure Belts
	Seasonal Distribution of Air Pressure
	Winds : Controlling Factors
	Types Of Winds
	Permanent Winds
	Periodic Winds
	Shifting Of The Winds Belts
Local Winds	
Week 3, October	Atmospheric Humidity
	Evaporation : Factors and Distribution
	Condensation : Forms and Factors
	Adiabatic Temperature Change
	Precipitation : Types
	Types of Rainfall
	Distribution Of Rainfall in the World

Week 4, October	Air masses : Meaning and Definition
	Classification of Air masses
	Fronts Of Air masses
	Frontogenesis and Frontolysis
	Types of Fronts
	Weather in Fronts , Chief Frontal Zones
Week 1, November	Cyclone : Meaning and Definition
	Types Of Cyclones
	Difference : Tropical Cyclone And Temperate Cyclone
	Anticyclone : Meaning And Definition
Week 2, November	Koeppen's Climate Classification
	Climatic Change and Global Warming
	Causes of Climatic Change
	Role of Human in Climatic Change
Week 3, November	Global Warming and its Impact
	General Introduction To Floor of the Ocean
	Classification of Ocean Floor
	Pacific Ocean
Week 4, November	Atlantic Ocean
	Indian Ocean
	Temperature of Oceanic Water
	Processes of Heating and Cooling of Oceanic Water
Week 1, December	Distribution of Oceanic Temperature
	Salinity of Oceanic Water
	Factors Affecting Salinity in the Ocean
	Sea Wave :Types And Causes of Formation
Week 2, December	Ocean Currents: Causes Of The Origin
	Currents Of Pacific Ocean
	Currents Of Atlantic Ocean
	Currents Of Indian Ocean
Week 3, December	Effects of Ocean Currents
	Tides
	Oceanic Resources
Week 4, December	Oceans and Floods
	Oceans and Minerals
	Ocean and Power Resources
	Ocean Transport and Trade
Week 1, January	Ocean and Climate
	Pollution Of Marine Resources
	Conservation Of Marine Resources
Week 2, January	Revision
