## Practice-I

2019-20

### Title - Establishment of Historical Museum in History Department.

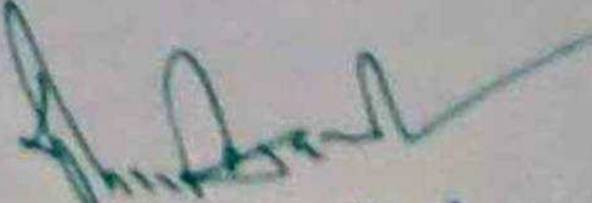

#### **Goals and Objectives of Practice-**

- To aware the students and people with historical relics/things
- Collection of antiquities and art objects
- To present historical objects
- The purpose of museums is to collect, preserve, interpret, and display objects of artistic, cultural significance for the study and education of the students and public at large.
- To create attachment towards old things in the mind of the students so that the old heritage can be preserved.
- To enrich the students with our bygone culture.

**The Practice-** The museum was established by the department of History. To enrich the museum contacts were made with the people of Bhattu and the surrounding area. In addition to this, the students of the college who have passed their graduation from the college in the past years were also contacted so that even they can also help in enriching the museum. All the students were asked to donate any kind of old things in their surrounding areas which are now out of trend i.e Utensils, farmers tools and equipment, Clay pots etc. to the college. For this, all the staff members of the college and students worked with full dedication and readiness.

**Evidence of Success.-**This practice had a profound effect on the students and all the staff members of the college. In a large extent, the college also got success in establishing a museum. Due to the publicity spread by all the staff members and students of the college, awareness was created among the people about the old things. They felt that these are such things which should be saved for future. Although this task was not so easy, but as a result of the efforts of the students, staff and History department of the college, the college has got remarkable success in this regard.

**Problem encountered-**Collecting old things was not such an easy task and neither did the college have enough resources to do this work easily but still the work was started, for this work contacts were established with old students and WhatsApp and Facebook etc. Publicity was now spread through the media, initially people did not take this work seriously but later the college gradually started getting success.

## Practice-II

2019-20

**Tilte- Organization of Voluntarily Blood Donation Camp in the College Campus.**

### **Goals and Objectives of Practice-**

- To sensitize the students about blood donation.
- To instil the feeling of helping others to breathe life with their precious donation
- To motivate all students to take a pledge to donate blood at least once in a year.
- To impart to them the value of blood donation
- To aware of the scientific information about the blood group
- Promoting students for voluntarily unpaid blood donation for safe and adequate supply of blood and products.
- To infuse the feeling of giving a second chance of life to someone unknown to them.

**Context:-**The NSS wing (Girls and Boys) and NCC wing of the College organizes the Blood Donation Camp time to time in collaboration with Red Cross Society, Fatehabad. The College provides all facilities like space, furniture, Blood group testing rooms, blood donating room with good hygiene and sanitation as per the medical standard. Motivational lectures are conducted by experts from time to time to make students understand the importance of this best practice

**Practice-** Prior to donation, the donor Students are asked to identify their group of blood to be collected. The underweight and the infected persons will not be allowed to provide donations as the medical advice. Donors will be informed that by each donation their blood cells will be rejuvenated and hence youthfulness in the blood will be present on every occasion. Donors will be provided with scientific information regarding the blood group and its associated diseases.

**Evidence of Success-**The NSS wing (Girls and Boys) and NCC wing of the College organizes the Blood Donation Camp in every year in collaboration with Red Cross Society, Fatehabad. All students and staff members of college participate in these camp. The NSS wing (Girls and Boys) and NCC wing of the College organized two blood donation camp during covid time at Rest House Bhattu kalan. A mega blood donation camp was also organized by the college for the soldiers of the army. Due to the effect of this practice of the college, the social organizations of the surrounding area have also started organizing blood donation camps. Thus the awareness about blood donation has increased. Staff members and students of the college participate in large numbers in each blood donation camp organized in the area and donate blood.

**Problems Encountered-**Students hailed from the villages and poor backgrounds are found to be ignorant of their health status. Students are much phobic to needles and blood testing. Some students are underweight and anaemic due to malnutrition and undernourishment. But students were so much guided and motivated that even under weighty started to take healthy food to stand themselves in the category of donors.
